

The Center for Animal Research & Education

About C.A.R.E.

The Center for Animal Research and Education was founded as a NON-profit organization in 2003 to provide for the rescue, rehabilitation, and holistic nurturing of sick, injured, and abused Big Cats. C.A.R.E is dedicated to providing these majestic creatures with a safe habitat so they can live with dignity and comfort. The center survives 100% on the generosity of people like you. All donations are much appreciated and Tax Deductible.

About the Cats

The Sanctuary is a permanent home to 53 Big Cats. 3 Lions, 40 Orange and White Tigers, 6 Spotted and Black Leopards, 3 Cougars, and 1 of the most elusive Big Cats in the world, the Snow Leopard. Sadly, the Center has reached its full capacity, and we are currently forced to turn those in need away. We are in desperate need of funding to expand our sanctuary to provide for these incredible animals.
